EDMONTON GETS THE MINOR MEDICAL CONVENTION FOR 1912

MEDICAL MEN OF THE DOMINION ASSEMBLE IN EDMONTON IN 1912

INVITATION EXTENDED TO ASSOCIATION BY HEALTH OFFICER IS ACCEPTED—DR. WHITEHEAD MEMBER OF EXECUTIVE.

EDMONTON GETS CONVENTION

The 1912 convention of the Canadian Medical Association will be held in Edmonton, according to a dispatch received by the Capital this morning from Dr. T. H. Whitehead, medical health officer, who is now in Montreal attending the association which is being held in that city. Dr. Whitehead conveyed the invitation to the association on behalf of the medical men of Edmonton and the city itself. Dr. Whitehead has been elected a member of the executive council.

Montreal, June 7.—An incident which marked to a certain extent the opening of the fourteenth annual meeting of the Canadian Medical Association was the unexpected collapse of Dr. G. E. Armstrong, president-elect of the association, just as he was about to deliver the inaugural address. At first it was thought he was suffering from only a temporary fainting spell, but it was found that he was more dangerously ill than was believed. He was hurried to his home and given the best of medical attention. Overlook is said to have been the cause of nervous breakdown. The illness overtook Dr. Armstrong just as Dr. A. H. Wright, of Toronto, the retiring president, had introduced him. The other officers elected to the executive council are: J. H. Elliott, Toronto; P. G. Finley, Montreal; Murray MacLaren, St. John, N.B.; Alex. McNair, Summerside, P. E. I.; A. McPhedran, Toronto; L. Olmstead, Hamilton; A. A. Rowe, Vancouver; G. G. Starr, Toronto; John Stewart, Vancouver; Dr. Halpin, Winnipeg; Dr. Low, Regina; Dr. Whitehead, Edmonton; Dr. Adams, Montreal; Dr. Mackel, Calgary.

At the opening session the visiting doctors were welcomed by Mayor Guerin, who spoke highly of the work of the medical profession. On behalf of McGill University, Principal Peterson welcomed the guests. Following a luncheon which was served in the Medical building, the convention moved into groups to discuss technical matters. During the course of the conversation such eminently interesting topics as the white plague and the pure milk supply campaign will be subjects of discussion. Over 300 medical men from outside points are in the city.

RUSSIAN OFFICERS ARE SENT TO JAIL

CONVICTED OF CONSPIRING TO SECURE FORTUNE OF THE LATE PRINCE OLENSKY

St. Petersburg, June 8.—The sensational trial of twelve men, including two noblemen, a lieutenant, a priest and four lawyers, charged with conspiring to secure the fortune of the late Prince Rodan Olenksy, was ended today with the sentencing of seven defendants found guilty.

Staff Captain Dmitry van Larlsarski was sentenced to two years imprisonment and his accomplices were deprived of their civil rights. The case attracted wide attention as two chief accused were van Larlsarski and his step-father, Col. Vladimir van Larlsarski, who belongs to the gentry and was until his arrest master of horse at the Imperial court.

C. P. R. OFFICIALS ARE VISITING CITY

A party of C. P. R. officials including A. Price, general superintendent at Calgary and Geo. Bury, general manager of the road at Winnipeg made a flying trip to Edmonton this morning, coming from Calgary on a special train. They visited the high level bridge during the forenoon and also spent some time in Edmonton, visiting the offices of Jasper Avenue. They left for the south again at 1 o'clock.

CEMENT SHORTAGE AFFECTS BUILDERS

The cement shortage which has threatened to hold off building operations in the city for some time does not appear to have been broken as was reported a few days ago. Contractors complain that they are unable to secure sufficient cement and that it is impossible to import any from Calgary, the mills there not being open to any other than the local market. Several cars were shipped in from Ontario points to the Bione paving company and they are now in the city on Sunday, ready to be used. It is probable that difficulty will be experienced by contractors in completing their work for some time.

DIPLOMAS FOR 600

Minneapolis, Minn., June 8.—Six hundred graduates received diplomas today at the annual commencement of the University of Minnesota. Dr. George E. Vincent, the new president of the university, delivered the address to the graduating class.

OPENING SESSION OF THE PRESBYTERIAN ASSEMBLY

CHURCH UNION PROBLEM TO BE CHIEF TOPIC OF DISCUSSION—RETIRED MODERATOR DELIVERS A STIRRING ADDRESS.

Ottawa, Ont., June 8.—In the presence of a very large congregation which completely filled Knox church, the thirty-ninth annual assembly of the Presbyterian church in Canada was opened tonight, the sermon of the occasion being preached by the Rev. Dr. Forrest, of Halifax. As the retiring moderator, Dr. Forrest was escorted to the pulpit by the Rev. Dr. B. M. Bannan, the scholarly minister of Knox church. The service was of the simplest character, familiar hymns and verses being sung in a hearty manner by the congregation led by the choir. The building was decorated for the occasion and after the breaking up of the assembly there were numerous meetings and greetings between old friends who meet here at this time. Ottawa people are taking care of all the delegates, homes in all parts of the city being sought for their entertainment. His Excellency Earl Grey was in the congregation, and there were present many of the best men who are identified with other communities.

Dr. Forrest, in the annual opening session, spoke with his usual fervor, earnestness and directness. He took as his subject the central theme of the assembly, "The Church Union Problem." He interpreted by conservative theologians, and made a most earnest appeal for consecration and devotion on the part of ministers and elders to the spiritual work of the church. There was no trace of the new theology in his address, although Dr. Forrest is noted for his open-mindedness. His message was an acceptance of the central verities of the Christian faith, and a call to the church for a fuller and more complete service in the true work of Christ. His theme was Christ and Him crucified, and in the course of his address he not only emphasized the value of the example of the Saviour, but indicated his deep conviction that the world required for its redemption more than example, and that the real force of the Christian faith was found in the atoning death of Jesus.

Reference was made in the sermon of the practice of modern ministers of announcing as the theme of their Sunday sermons.

SCORES KILLED WHEN 'QUAKE STRIKES THE CAPITAL OF MEXICO

AMALGAMATION COMMITTEE MEETS TONIGHT

The joint committee composed of representative citizens from Strathcona and Edmonton will hold another meeting in the city hall tonight to further consider plans for amalgamating the two municipalities. As it will probably be the last session but one, a large attendance is expected and good results accomplished.

One of the matters likely to come before the meeting is the application of North Edmonton for a separate municipality. This, of course, will be opposed. It will be shown that in general the interests of North Edmonton and this city are identical, and could work along better together than in single harness. The mayor, city solicitor and commissioners will wait on government officials tomorrow morning and present objections to North Edmonton's application for a separate municipality.

It may be decided at the amalgamation meeting tonight what proposition the committee will go to the government with as to the future boundaries of this city, as it is believed that Edmonton should not be stung in the matter of expansion.

ENGINEER WILL INSPECT THE COLLIERIES AT ST. ALBERT

SHAFT NOW BEING PUT DOWN AND COMPANY EXPECTS TO HAVE MINE OPERATING BEFORE SNOW FLIES—WORK DELAYED AT PRESENT.

For the purpose of inspecting the work that is being carried on at the St. Albert Collieries, one of a group of coal collieries under the control of the Pacific Coast Fuel Co., Ltd., C. Ferri of Montreal, the chief engineer for the company is in Edmonton, having arrived in the city on Sunday morning at the Kings Edward Hotel. He is at the Kings Edward Hotel.

At the St. Albert collieries a shaft is now being put down and an effort is being made to have the mine operating by next autumn. Work is being done slightly at the present time owing to difficulties experienced in passing through the formations above the coal seam.

Number of Settlers Are Coming from North Dakota

COLONY WILL BE FOUNDED IN NORTH COUNTY, PROBABLY NEAR GRANDE PRAIRIE—AT LEAST THIRTY ARE COMING.

A colony of not less than thirty people, farmers of North and South Dakota, will probably be brought into the Edmonton district during the summer through the influence of M. H. Baker, who arrived in the city on Sunday, on his second visit in nine years, and is determined to take up land either in the country to the northwest of Edmonton or in Grande Prairie, and to settle down for good as a citizen of Alberta.

Mr. Baker is a Minnesota man, who came into Edmonton on Sunday with his wife and two children. "We are going to cut loose from the States entirely, and throw in our lot with the west," he said to a Capital reporter this morning. "Not only my own family and seven Dakota boys who came in last week, but probably in the neighborhood of 30 relatives and friends now living in the Dakotas, will follow when they receive our reports of the country. If they do come out, we shall found a colony in the north country. Every man in the party will be an experienced farmer who understands the conditions which must first be the pioneer."

"It is exactly nine years ago since I was in Edmonton before," Mr. Baker continued, and the change that has been wrought in that period is marvelous. I find it impossible to identify the city today with the village that I knew. Edmonton was then mainly a lumber town."

CABINET RESIGNS

Clerical Party Still Has a Majority But Have Lost Several Seats of Late.

Brussels, June 8.—The cabinet of H. S. Schollers resigned today. Schollers became prime minister of interior in January, 1908, succeeding Dethoux, who died the preceding month. The clerical party, which has been in power for twenty-six years, and now has a majority in the chamber of deputies of six, lost two seats in the last election through the concerted action of the Liberals and Socialists.

DOZENS OF BUILDINGS ARE WRECKED AND DAMAGE IS NOW ESTIMATED AT \$150,000—MAJORITY OF DEAD WERE SOLDIERS.

SHOCK WAS RECORDED IN GERMANY AND RUSSIA

MEXICO CITY, June 7.—At 4:36 o'clock this morning a quake extending over a period of 14 minutes shook the city to its foundations, causing buildings to tumble in ruin, killing 73 and wounding more than 80 people. The loss has not been accurately calculated, but it will be much greater than \$150,000.

The greater part of the dead were soldiers. They were caught under the falling walls of the artillery barracks in San Cosma, a junction near the Mexican Central station. The greatest disaster was the municipal power plant and street railway shops, which buildings were completely destroyed, and many of the occupants were killed. Most of the dead were killed as the result of being caught under falling walls singly, although in several places two or three were found dead together.

Although the shock was plainly felt in all parts of the city, few people realized the magnitude of the disaster until late in the day. In the barracks of the artillery 12 women were killed. They were the wives of the artillery men who had the privilege of sleeping in the barracks. Several children were also killed.

(Continued on Page Five.)

CONTRACT AWARDED FOR EAST END BRIDGE

CONSTRUCTION OF PIERS AND ABUTMENTS TO COMMENCE IN TWO WEEKS—BOULLION FAILS TO UPSET PAVING CONTRACT.

Substantial progress toward much desired civic improvements in Edmonton was made at the meeting yesterday afternoon of the city commissioners. Despite the attitude of Commissioners Bouillon and Butchart on the paving question and their evident purpose to delay work that has long been contemplated by the municipality, the board decided to go ahead and make the improvements at the earliest practicable time. The paving contract was settled and the Bitulfinch company will do the work.

The east end bridge project also received a strong impetus, the contract for construction will begin in the near future. The recommendation of City Engineer Latourel that he contract for building piers and abutments for the proposed east end bridge, spanning the Bow river, was awarded to the Canell & Spencer Construction company of this city was concurred in by the commissioners. The same motion authorized the city solicitor to enter into a contract with the successful bidder for \$75,000 and prepare a preliminary bond.

The city engineer stated that his report on tenders for steel work will not be made for a week or ten days, as a number of the plans have not yet been received, and it will require this much time to check them.

"Although the tender may be awarded for piers and abutments," he added, "it will not be advisable to start this work until a contract for steel work has also been awarded."

(Continued on Page Three.)

ROYAL BANK PUTS IN \$398,000 CLAIM

AS BANKERS LIEN ON \$6,000,000 WATERWAYS MONEY—WILL ALSO ASK FOR INTEREST AT 5 PER CENT. FROM MAY 31.

The sum of \$398,000, with interest at five per cent from May 31, will be claimed by the Royal Bank of Canada as its lien on the \$6,000,000 of Waterways money for the control of which the provincial treasurer issued the famous suit in the courts which threatened to drag out over a term of years before final disposition by the privy council, unless a compromise between the government and the Waterways Co. is reached.

This act was assented to on December 16, and the time within which all claims must be filed thus expires on June 16. It is provided that the lieutenant governor in council shall investigate all claims, but that nothing in the act shall be deemed to establish any obligation on the part of the province, or any liability enforceable in a court of law.

In its counterclaim in the action now pending in the courts, the Royal bank claims a similar sum to the amount claimed under the statute.

Thought Breakers Was Sardine School

STEAMER TACOMA GOES ON ROCKS OFF LOS ANTOES AND TWENTY-THREE LIVES ARE LOST—CAPTAIN ARRESTED.

Colon, Republic of Panama, June 8.—Mistaking for a school of sardines the breakers ahead Pilot Matthews ran his ship the Tacoma, upon the dangerous point of Canuco, off the coast of Los Andes, as a result of which 23 lives were lost and Matthews and Captain Campbell were arrested and are held in confinement here. Officers of the steamer David, which has arrived here, are being details of the disaster. 80 survivors were aboard the vessel.

Captain Campbell, an Englishman, seems to have ordered Pilot Matthews to change his course. The latter obeyed and shortly afterwards the steamer David, one of the owners of the ship, approached and remarked on the dangerous aspect of the coast. During the several minutes argument as to whether the disturbance was from breakers or from a school of sardines, the ship struck. The reef tore a great hole in the ship's bow, then the ship's largest hole was swung out and rapidly filled with water and children. A heavy sea slapped against the ship and a tank of mangled steers crushed the decks. The boat went down and more than two persons in it who escaped. Two passengers mounted upon the bulwarks, but then four miles through a heavy sea to the east, arrived safely at the shore. The dead members of the leading families of the interior.

DEMAND FOR GOLD COIN DECREASES

DESIGN OF CANADIAN FIVE AND TEN DOLLAR GOLD PIECES TO BE APPROVED SHORTLY

Ottawa, June 8.—The final approval at London of the new Canadian five and ten dollar gold pieces is expected shortly. By autumn the new coinage will be installed. The new coins will be of the same size and the same as the American coins of like denomination and will probably be accepted at par in the United States. This provides great convenience to the Canadian who now goes across the border imprecious with American money. Practically the only gold pieces now in use in Canada at present are the American gold pieces and the number of these in this country is surprisingly large. On Dec. 31 last the receiver-general for Canada had no less than \$68,000,000 thus showing the large demand there is for a gold coinage in Canada.

NATIONAL CHARITIES CONVENTION

Boston, Mass., June 8.—The thirty-eighth annual meeting of the National conference of charities and correction, which began a week's session in Boston today, has brought together nearly two thousand men and women who have made a study for the means of caring for or reforming the incorrigible and defective, feeding the hungry, educating the ignorant and reforming the transgressor. Prominent among those scheduled to address the conference are Governor Ross of Massachusetts, Dr. Charles V. Eliot of Harvard, Sherman C. Kingsley of the Chicago bureau of charities, Miss Mary E. Dickman of the Russell Sage Foundation, Rev. Washington Gladden of Columbus, O., Dr. George W. Goler of Rochester, Jacob A. Riss of New York, and others. Mr. William and Mrs. Florence Kelley, secretary of the National Consumers' League.

In connection with the conference meetings will be held during the week by the National Conference on Truancy, Backward, Dependent and Delinquent Children, the National Conference of St. Vincent de Paul, the American Red Cross, the Association of Poor Law Officers, the National Prison Officers' association and the National Jewish Association for Social Workers.

COTTON SEED CRUSHERS MEET

New York, June 8.—The annual convention of the Interstate Cotton Seed Crushers' association met at the Hotel Astor today with the largest attendance in the history of the association. Texas, Georgia, South Louisiana, Mississippi, Arkansas, Kentucky, Tennessee and Alabama were represented by large delegations.

The feature of the initial sessions was the address of President H. F. Taylor of Columbus, S.C. Mayor Gaynor delivered an address of welcome and Vice President P. L. Hefflin, of Texas, responded for the visitors.

Prominent speakers to be heard at the several sessions of the convention include Dr. H. H. Hays, chief chemist of the department of agriculture; Judge Henry G. Hammond of Augusta, Walter D. Nash of Atlanta, Julian I. Brode of Memphis, and Henry P. Towns, president of the Manufacturers' association of New York. The Prudhoe Exchange and other commercial and industrial organizations of the metropolis have joined in making elaborate arrangements for the entertainment of the visiting cotton seed crushers and their ladies. This afternoon the visitors were taken on a sightseeing trip around the city and harbor. Tomorrow night the convention banquet will be held at the Hotel Astor, with President Taft as the guest of honor.

LUTHERANS IN CONFERENCE

Washington, D. C., June 8.—The general synod of the Evangelical Lutheran church of the United States, the body of the American Lutheran bodies, assembled in the Luther Place Memorial church, in this city today for its forty-fifth biennial convention. The conference is attended by several hundred delegates representing 300,000 members of the church. The sessions will last a week or longer. Proposals for a closer affiliation with other denominations in church and mission work will be discussed. The closing of the conference is one of the chief subjects to be discussed at the meeting. The principal speaker will be Dr. A. Peterson, fourth assistant postmaster general. The sessions will continue until Friday.

IOWA POSTMASTERS IN SESSION

Waterloo, Ia., June 8.—Postmasters up in here today for the forty-fifth annual convention of their state association. The president of the association is S. J. Robertson of Fort Dodge and the secretary, Frank Nunnicks of Ottumwa. The Sunday closing of post offices is one of the chief subjects to be discussed at the meeting. The principal speaker will be Dr. A. Peterson, fourth assistant postmaster general. The sessions will continue until Friday.

Perical Knight, the English comedian, is shortly to make his American debut in Vancouver.

RED DEER BOYS FOR CORONATION

BOYS WHO HELPED CAPTURE KELLY GOING TO LONDON AT CITIZENRY EXPENSE

Red Deer, June 8.—After an hour and a half of deliberation, the Citizens' Association and Fire Chief Meeres collected over five hundred dollars to send a party to the coronation. Scout leaders Galbraith and Chadsey are chosen, and will leave on Saturday to join the Calgary contingent.

MAP OF YORKTON FIELD

New York, June 8.—Some interesting relics of George Washington were included in a collection placed on sale today at the Mervin-Glendon rooms. Probably the most important item on the list was a map of the military map of the field of Yorkton, sold to have been engraved at the special request of George Washington. The map was designed by Sebastian Bauman, a military engineer of the Continental army, and engraved in Philadelphia in 1782. The map is dedicated to the memory of General Washington, Commander-in-Chief of the United States of America.

TRAVELLERS DROP OFF AT BUFFALO

Buffalo, N. Y., June 8.—Several thousand business and visitors from all the large cities of the state are here for the eleventh annual convention of the New York grand council of the United Commercial Travellers. The opening exercises were held this morning and included an address of welcome by Mayor Folger. Following the exchange of greetings the convention went into executive session. The election of officers will be held this afternoon and on Saturday the new officers will be formally installed.

TAFT REVIEWS SUNDAY SCHOOL PARADE

New York, June 8.—From a stand in Prospect Park President Taft this afternoon reviewed nearly 100,000 Sunday school scholars as they marched past him in the annual parade of the Brooklyn Sunday School union. Previous to the parade the president was the guest of the Sunday School union at a luncheon served at the University club.

FLORIDA CITRUS GROWERS

Tampa, Fla., June 8.—The Florida Citrus Growers' association held its second annual convention today at the Tampa Bay casino. The session was devoted to the discussion of numerous questions of interest and importance to the membership of the association.

NAGEL MISSOURI GRADUATES

Columbia, Mo., June 8.—Charles Nagel, secretary of commerce and labor, delivered the address to the graduating class today at the annual convocation of the University of Missouri.

CROWD WAS ALARMED

Aldershot, June 8.—Almost a panic was precipitated in the vicinity of the Royal pavilion at Aldershot yesterday, when Capt. F. S. Goby during the course of an exhibition flight in a huge aeroplane yesterday, swooped within 25 feet of the kiosk. The aeroplane and the perilous manoeuvre created great apprehension among the spectators.

CIVIL SERVICE COMMISSION

Madison, Wis., June 8.—The National Assembly of Civil Service Commissioners, which is composed of the federal civil service commissioners and the civil service commissioners of several states and numerous cities, began its biennial meeting in this city today.

STILLMAN-WHITNEY WEDDING

San Francisco, Cal., June 8.—One of the largest and most fashionable weddings of the season took place today in Trinity church today, when Miss Mildred Whitney, daughter of the late Calvin E. Whitney of this city, became the bride of Ernest G. Stillman, son of James Stillman, the eminent New York banker. A large party of guests from New York attended the ceremony.

WISCONSIN MEDICAL SOCIETY

Wausaukee, Wis., June 8.—Several hundred of the leading physicians and surgeons of Wisconsin are attending the annual meeting of the State Medical Society, which met in this city today for a three days' session. Dr. Byron M. Caples is presiding over the sessions. The annual address of medicine is delivered by Dr. H. C. Cabot of Boston and the address on surgery by Dr. Joel G. Goldthwait, also of Boston.

DR. ELMER E. BROWN THE SPEAKER

Washington, D. C., June 8.—A distinguished audience filled the Delos O. Wheeler this morning at the commencement exercises of George Washington university. The principal address was delivered by Dr. Elmer E. Brown, United States commissioner of education and chancellor of New York university.

CALIFORNIA CHRISTIAN ENDEAVOURERS CONVENTION

Santa Ana, Cal., June 8.—A host of enthusiastic young people from every part of the State invaded Santa Ana today for the annual convention of the Christian Endeavour societies of California. The sessions will last over Sunday. The sessions will include the attractive programme combine to give promise of one of the most successful conventions ever held by the organization in California.

SOCIALIST PAPER SUSPENDS

Chicago, Ill., June 8.—Suspension of publication of the Chicago Daily Socialist was announced late tonight by E. M. Stangland, manager of the publication. The paper has been asked for the last five years and had a circulation of 40,000.

SON OF EX-CONGRESSMAN TRIES TO END HIS LIFE

New York, June 8.—A young man who described himself as Leonard A. Routelle, a son of ex-Congressman Henry Sherman Routelle of Illinois, now minister to Switzerland, attempted suicide late last night in the Y. M. C. A. in West Fifty-seventh street. After tying a rope around his neck he jumped from the stairs, landing from the lobby to the barber shop. He was cut down just in time to save his life.

AVIATION MEET AT SPRINGFIELD

Springfield, Mass., June 8.—The first large aviation meet held in this section opened at Imperial Park today with Glenn H. Curtiss and other leading aviators among the participants. The events will continue over tomorrow and Saturday.

CONTRACT AWARDED

(Continued From Page One)

Bouillon Turned Down

Representatives of the Bithillite

company were present and a commu-

nication from them was read saying they

would guarantee the Bithillite for

years, covering one of the points raised

by Mr. Bouillon in his statement to

the board last Monday. It developed

that this paving company made the

same guarantee last year.

Mr. Bouillon declared it was not fair

to the other bidders for paving, who

had offered a guarantee at the outset,

for the Bithillite company to come in

at this time and say they intended to

negotiate a guarantee in their tender.

"Furthermore," Mr. Bouillon added,

"I submit the price of \$2.90 a square

yard is too high."

"I have said about all I care to on

this subject. This paving has been

held on long enough and we want to

get down to business."

Commissioner Bouillon renewed his

motion of Monday to rescind previous

action of the board in awarding the

paving contract to the Bithillite com-

pany and that now tenders be adver-

tised for. The motion was lost, Com-

missioners Bouillon and Butcher vot-

ing aye and Commissioners Gandy and

Acar casting their votes in the negative.

Mayor Armstrong broke the tie by vot-

ing no.

On motion the letter from the Bithillite

company regarding the paving

guarantee was referred to the city sol-

licitor and city engineer for use in pre-

paring a contract with the munici-

pal.

Mayor Armstrong and Commissioner

Butcher recommended the appoint-

ment of James Graham as janitor of the

city hall. The recommendation was

accepted.

The mayor suggested that two of

the commissioners make applications

for the position of superintendent of

stores and work made vacant by the

death of Jack Winchester. Com-

missioners Butcher and Gandy were

named as such committee with instruc-

tions to report at the next meeting of

the board.

Suit Against City.

In the suit of Bouillon against the

city involving alleged damages on the

part of the plaintiff for being kicked

off a street car by a conductor named

Malone last winter, City Solicitor Bow-

en advised that it be settled for \$50 and

this will probably be done.

In connection with his report for the

month of May, which was read, city

inspector Inspector Drabbe, called at-

tention to the unfortunate building

situation in Edmonton, most of the big

work being held up for want of ce-

ment.

"This shortage of cement," says Mr.

Drabbe, "is so serious a matter, and it

continued—and I think it will—will

seriously retard development of the

city for a year. I therefore respect-

fully recommend that the commis-

sioners take the matter up and see if

something cannot be done to force the

hand of the cement trust to release

some of the heavy stocks of material

carried by them in the east and have it

shipped west in order to relieve the

great stress here. I think the power-

ful influence of the city should be

brought to bear in this matter, other-

wise permanent harm will surely be

done to Edmonton."

Commissioner Bouillon filed a report

on the wire tower at the power house,

in effect that he held a conference

yesterday morning with Super-tendent

BUSINESS TRANSACTIONS BY THE ALBERTA CONFERENCE

APPEALS CASE TO A HIGHER COURT

INVOLVES SALE OF LIQUOR TO A MINOR—MAY GO TO COURT OF APPEAL

Claiming that in selling liquor to J. Swartz, a youth under 18 years of age, he did so innocently, in ignorance of the fact that the lad was a minor, and that she took every reasonable precaution to ascertain his age before taking the sale, Mrs. Mary Fitzgerald, wholesale liquor dealer of Strathcona, has appeared in the district court this morning against a conviction by Inspector Worsley for infraction of the law.

The case was heard by Judge J. H. Swartz, a youth under 18 years of age, who did so innocently, in ignorance of the fact that the lad was a minor, and that she took every reasonable precaution to ascertain his age before taking the sale, Mrs. Mary Fitzgerald, wholesale liquor dealer of Strathcona, has appeared in the district court this morning against a conviction by Inspector Worsley for infraction of the law.

Mexico's Troubles May Mean Much to Alberta

A circumstance worthy of the attention of Albertans, especially those interested in promotion, in reality and in finance, is the fact that the Mexican revolution may seriously affect New York investments in the pseudo-republic south of the Rio Grande and send them north in search of a new field for exploitation.

It is a fact known to the world that for ten or twelve years back United States money has been pouring into Mexico in millions and hundreds of millions, until the possibilities of the mines, the timber, the agricultural resources and the transportation systems of the land of the Incas have become better known and more appreciated in New York than in Mexico City itself.

The revolution, however, changes all that. Diaz is gone, and with his departure comes a new government. The new government may be a more humane government, and it may be more in accord with the ideas of the people of Mexico. Certainly it is more popular than the Diaz administration, otherwise it could not have triumphed.

But it is not the popularity or the humanness of governments that interests capital so much as the stability, and with the departure of Diaz the guarantee of stability in Mexico is gone. The present revolution may be settled and titles may be preserved inviolate, but the volatile nature of the Latin people and the fact that Mexico now has no dictator to rule with an iron hand furnishes little assurance that there will not be revolution upon revolution, or that the country in which New York has sunk its millions will not go through all the spasms which have made the instability of South American republics proverbial all over the world.

With this condition, Mexico becomes much less inviting than it was a year or two ago, and it is a natural sequence that the same capital will be looking for new fields.

Alberta is one of the few countries left on the North American continent which can offer to such capitalists natural resources open for development.

Alberta is a civilized country in which life is safe, property is secure and title is guaranteed by the government. It has coal, timber, minerals, petroleum, asphalt, fish, power, and practically every resource known to the temperate zone. It is an inviting field and one to which the New Yorkers would naturally turn when they tire of the southern republic. Furthermore, it has been fairly well advertised in recent years, and it is a centre of as much attention as any other undeveloped region on the continent.

It would not be at all surprising to see large New York capital take a hand in the development of Alberta in the near future.

Reciprocity Opens Way for New Industry

An item in the tariff agreement which is not being given much attention on this side of the line, but which nevertheless may mean a great deal to the province of Alberta is the item which deals with the duty on print paper made in Canada and entering United States.

The intention of the tariff, as it will be arranged when the reciprocity pact goes into effect, is to allow paper manufactured in any district in Canada which does not restrict the exportation of pulp wood to enter United States duty free.

Ontario, Quebec, British Columbia and the Maritime provinces all place embargoes on the export of pulp wood cut on crown lands, and consequently paper made from pulp wood cut on crown lands in any of these provinces would pay a duty of \$5.75 per ton.

Against the export of pulp wood cut in Alberta, Saskatchewan or Manitoba there is no embargo, and consequently paper made in any of these provinces would enter the United States duty free.

There is no paper made in the present time in any of the three prairie provinces, but the province of Alberta has the raw material in immense quantities on the Saskatchewan, on the Athabasca and on all the upper waters of the Peace and its tributaries. The spruce which grows along the eastern slope of the Rockies is the same kind of wood as is being used so largely in Minnesota, Maine and Ontario. And the poplar, which grows in such luxuriance lower down on the prairies and which extends even to Edmonton, is considered the very choicest of material for the manufacture of high-grade print paper.

From this distance it would be impracticable to ship pulp wood to the United States mills, but with the United States market open to Alberta paper and the Ontario and Quebec mills at a disadvantage to the extent of \$5.75, it is not by any means improbable that paper mills will be operating in this province within a short time.

Are Edmontonians Active Enough in Western Development?

The trip of the Edmonton business men to the west yesterday suggests the question of whether or not the people of Edmonton realize the possibilities of the country which lies to the west, between this city and the Rocky Mountains.

Undoubtedly a very large percentage of this section is forbidding on the surface and there are many thousands of acres that are not the kind of land that would invite the homesteader; but beneath the surface the country is undoubtedly enormously rich in coal and the timber, pulp wood and occasional patches of logging timber constitute a very valuable resource, while even the forbidding-looking muskeg which is the base of the great's existence and which has caused many a mule skinner to put his immortal soul in jeopardy, is really the richest and the deepest soil of all, capable of prolific and constant crop production when properly drained.

Of the other resources, it is only when something like the proposition to develop the marl beds brings to the notice of the public the fact that they are there that these resources are heard of at all.

The significant feature of the situation is that while millions of money from Britain and Europe are being poured into the coal fields for development, and while outside capital is acquiring timber and mineral both on this side of the range and the other, the percentage of Edmonton capital that is being invested in development as contrasted with the outside capital is comparatively small.

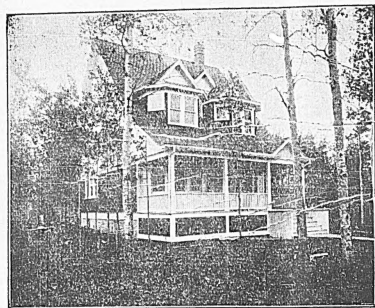

That the coal fields of the Embarras and the Brazeau, for instance, are due to become eventually as great as the Pennsylvania field and greater than the Crow's Nest, is something which no one familiar with the conditions would for a moment dispute, and when the day of fat dividends comes Edmonton people should by all the natural laws be first beneficiaries.

But unless Edmontonians "dig in" and take a large part in the development, the big prizes of the future will be gathered by people who have never seen Edmonton and have no interest in Alberta except to clip the coupons.

ELEGANT HOME

On Twenty-third Street near Jasper

\$1000 Handles It

Built for a Home

and well built at that. Has four sleeping rooms, large dining-room, library, with massive pressed brick open fire-place; perfectly appointed kitchen, large reception hall, with vestibule; full size basement with cement floor; furnace heat throughout house; splendid interior. COMPLETE CENSUS IN TWENTY DAYS

ENUMERATORS HAVE DIFFICULTIES ESPECIALLY IN FOREIGN SECTIONS OF THE CITY

The work of taking the census in Edmonton which commenced last Thursday probably will be finished by June 20th. Although some difficulties have been encountered by a few of the enumerators the work is proceeding in a very satisfactory manner. In the section of the city where there are foreigners the enumerators have experienced some difficulty in persuading the people that the questions are not being asked with a view of levying taxes. Even chickens are being counted where they are found in the back yards of the city homes. Gals are allowed to escape.

One man at least who was visited by the census taker had prepared for his coming and had his family history all written down on a piece of paper to gether with a record of his personal and real belongings and everything else he could think of. Ever at that it took the census man more than a half hour to finish up his work. Some things had been forgotten.

EMPIRE THEATRE

The concluding presentation of the Lillian Opera Company at the Empire Theatre last night was fully up to the standard set by the company in their previous performances in this country and drew a record crowd. The splendid scenic effect and the rapidity of changes added to the pleasure of the evening. The role of Sam Toy made a big hit. Jimmy Timley, Roy Cooper, and Irene Barry presented their roles with considerable ability. The memory of the child actress of the Royal Lillian Opera Company will remain with Edmonton theatre-goers as one of the most pleasant of the season.

FUNERAL OF A. J. MCARTHUR

Alberta Government and Legislature Were Well Represented—Buried in Calgary

Many were present at the funeral of A. J. McArthur, M. L. A., which took place yesterday from the family residence, Grosvenor Heights, Calgary. Rev. Klemm conducted the services. The Alberta government and legislature were well represented, a number of members from Edmonton to pay the last sad respects to the memory of the deceased. Interment was in Union cemetery. Among those present were:

Hon. A. J. McArthur, provincial secretary; Hon. Duncan Marshall, minister of agriculture; Hon. C. R. Mitchell, attorney general; Dr. Campbell, Ponoka; Frank Walker, Fort Saskatchewan; Jos. Stauffer, Dauphin; L. M. Roberts, High River; R. B. Bennett and W. B. Cushing, Calgary; W. R. Buchanan, Lethbridge; City Messrs. Glenneville, Nanton; Gole, Athabasca; Puffer, Lacanville; and Warnock, Pincher Creek.

MINISTER TALKS ON RECIPROCITY

TELLS OF BENEFIT OF AGREEMENT IN ADDRESS DELIVERED AT SELKIRK LAST NIGHT

Selkirk, June 8.—Hon. Frank Oliver, speaking at Selkirk last night, dealt with the reciprocity question, stating primarily that it was not in any sense a new departure on the part of the government of the day, but a consistent carrying out of the policy of the Liberal government. Mr. Oliver affirmed that the British preference has been a step forward in the reduction of taxation and the extension of trade and believed that the benefit from the ratification of the pact would be the same as that which resulted from the British preference of 1897.

The great milling interests of Canada, he said, had declared against reciprocity, not because it was proposed to take ten cents a barrel off flour but because it was proposed to take off the 25 cents a bushel duty on wheat. He said he had been a western man longer than most of those present but would not advocate a policy that was good for the west, but not good for the east, for that would not be the western spirit.

The eastern manufacturers would benefit by the increased prosperity which would result in increase of purchases by the western farmers. Already that increase had greatly promoted the industrial enterprise of Montreal, Toronto, Bradford and many other eastern manufacturing centres.

Mr. Oliver concluded by scoring the United States steel trust, stating that it was such illegitimate business enterprises which were paying for the advertising against reciprocity.

THE WEATHER

Winnipeg, June 8.—Rains with heavy clouds have been almost general over the prairie provinces, the weather has been moderately warm. Forecast—Thunder and rain, with some cool and showery Friday, clearing with westerly winds. Alberta: Westerly winds, clearing and becoming warmer.

MARL DEPOSITS OF ENORMOUS EXTENT

(Continued from Page One)

lake showed 20 feet of cream; white marl, as pure and plastic looking as ice cream and absolutely without a trace of vegetable matter whatever, constituting what cement experts declare upon analysis to be the highest grade of carbonate of lime and the finest possible material for the manufacture of cement.

The company estimates the amount of marl in sight at 5,000,000 cubic yards, but it is very evident that any estimate of the amount available must be only approximate and that the deposit is so large that there can never be any question for many years to come about the supply. The proposition, of course, is to drain the lake and to handle the marl with steam shovels, reducing the cost of putting the raw material into the mill to a decimal fraction.

Along with the marl the company proposes to use in the manufacture of the cement a gray clay which is found four miles closer to Bickerton, right alongside the grade of the Grand Trunk Pacific. This deposit is thousands of acres in extent and has been shown by analysis to contain the proper ingredients of siliceous matter to make a cement for the manufacture of cement. Coal from the Embarras field will be laid down at the works at \$2.50 a ton,

completing the combination. The company's proposal is to build the plant at the marl beds, as three and one-half of marl to one of clay is used in the manufacture and it will consequently be much more economical to bring the clay to the marl than the marl to the clay.

Sole tracks from the Grand Trunk Pacific have already been applied for, and the Canadian Northern main line is laid out to cross the property right on top of the marl bed. The company proposes to commence the construction of the plant in the immediate future, the plans outlined in the prospectus calling for the expenditure of \$620,000 on plant alone. The incorporators believe that their geographical location will give them complete control of the prairie market and access to the coast market in B. C., while they look forward to a large trade from railway construction through the mountains. A station and locomotive are among the proposals and the programme of operations calls for a very busy summer and fall in the vicinity of the marl beds.

PROSPECTUS SHOWS ROUTE OF NEW TRANSCONTINENTAL

(Continued from Page One)

the east of the west side of the Nass river to where the stream enters the Pacific. Branches are provided for from Fort St. John to Edmonton through the

Peace river and Grande Prairie countries, a distance of 250 miles, and from a point on the main line near the Cochrane river to Prince Albert, a distance of 400 miles. The distance from Hudson's Bay to the Pacific coast is estimated at 1,500 miles and from Winnipeg to the Hudson's Bay is 525 miles. The prospectus contains several extracts from government reports regarding the fertility of the soil in the country through which the road will pass and the advisability of the Hudson's Bay. In addition to these it contains a copy of the act of incorporation passed in the Dominion house during the recent session.

The men mentioned as forming the company are all residents of Winnipeg with the exception of John Nairn, a distiller of the city of Edinburgh, Scotland. The company is capitalized at \$10,000,000. It is authorized to issue debentures to the extent of \$500,000 per mile of single track line and \$750,000 per mile of double track.

(Continued from Page One)

SCORES KILLED WHEN 'QUAKE

Fell in Germany.

Potsdam, June 8.—Following hard on the 'quake which shook to ruin some \$100,000 worth of buildings in Mexico City, killing and wounding over 150 people, comes from somewhere in the interior of European Russia the tidings of another catastrophe of a magnitude greater than that of the American earthquake. Shortly after 1:30 this morning the needs of the seismograph shook violently and traces a mark indicating a disaster which cannot be estimated until further details from the immediate scene of the catastrophe is received. The earth was seemed to come from the southeast, indicating that the 'quake must have occurred in the neighborhood of the Caspian sea. The 'quake continued for a period of seven minutes of violent shaking.

Island Disappears.
Tomir Khan Shara, Russia, June 8.—Vessels arrived here this morning from the north report a disaster of magnitude which cannot be estimated at this early date. Shortly before 7 o'clock this morning an earthquake wave swept the Caspian, throwing the fishing smacks up on the rocky shore. They also report that the island of Tschelchen has disappeared.

Cheerful Prophet.
Berlin, June 8.—Professor Masterson, of the University of Berlin, speaking of the earthquakes which have been reported from all parts of the world, stated that it appeared that the present 'quake was one of the periodic outbreaks which occurs every few years. The fact that they are occurring in America and Europe and Asia seem to indicate that the 'quake is a world-wide one. He anticipates that there will be more of them within the next few days.

Flushing, Holland, June 8.—The fire which raged in the steamer 'Osmia' which caught fire yesterday, has been extinguished.

TO SUBMIT MONEY BYLAW ON JUNE 19

PROVIDES FOR RAISING SUM OF \$100,000 FOR PURPOSE
OF STARTING CONSTRUCTION OF HYDRO-ELECTRIC
PLANT AT GRAND RAPIDS.

Considered a question of vast importance to the industrial future of Edmonton, the ratemakers will have an opportunity in a few days to record as favorable or otherwise to a proposition to furnish the city with cheap electric power. They will vote on the question of the expenditure of \$100,000 as the first of five yearly installments of equal amounts to develop the Athabasca water power.

The city has a concession from the government giving it the privilege of using the Grand Rapids, 100 miles north of Edmonton, for generating electricity. It is figured that at the

end of five years, when \$500,000 will have been raised for this purpose, fully 10,000 horse power will be available, while the municipality has the privilege of developing in any amount up to 50,000 horse power.

What this would mean to Edmonton may be easily conjectured. Cheap power is the prime requisite for industrial development and great would be the benefits to the city and adjacent country derived from plenty of power at lower rates than private owners could furnish it.

The special election to pass on the proposed bylaw will be held Monday, June 19.

METHODISTS VOTE FOR CHURCH UNION

CONFERENCE NOW BEING HELD IN
MONTREAL APPROVES OF PRO-
POSED AGREEMENT

Montreal, June 8.—By a vote of 139 to 54, the Methodist conference in session here tonight approved of the proposed basis of union between the Methodist, Congregational and Presbyterian churches. The lay vote was 40 to 11 and the clerical 99 to 43.

The discussion was so long that adjournment of the conference had to be put off till tomorrow, when the 'No Tolerance' device comes up for discussion. A proposal to merge Western College with Victoria College, Toronto, was defeated. The report of the Lord's Day Alliance scored this province for tolerating open cigar stores, candy shops and moving picture shows on Sunday.

KILLED BY FALL

Gull Lake, Sask., June 8.—Falling from a load of lumber which he was taking out to his homestead, thirty miles from here James Pool fell from the load and was killed. The young man only recently arrived here and is thought to have come from Port Elgin.

BABE STRANGLED

Bannerman, Man., June 8.—Yesterday morning the 18-month-old daughter of Mr. and Mrs. James Stimmer was strangled to death by being caught in a barbed wire fence. No inquest will be held.

WINNIPEG FACES A DAMAGE ACTION

MAN PLACED IN JAIL AS VAGRANT
REFUSED MEDICAL ATTENTION DIES

Winnipeg, June 8.—It is understood that the Sons of England will vigorously take up the case of the death of John Edward Hetherington, an Englishman out of employment, put in jail Friday on a charge of vagrancy by the Associated Charities, and who died shortly after being released on Monday, apparently from collapse. His wife and children had been a partial charge of the Associated Charities for some time, one boy having tuberculosis. The wife claims that Hetherington was a good husband, never drank but was lately unable to work owing to a weak heart and developing tuberculosis. It is claimed that the shock of his arrest sent him into a collapse, and that no medical aid was given him in jail. Instead of appearing in police court Monday, his wife was permitted to take him home, where he died.

MONTANA CLUB WOMEN

Bozeman, Mont., June 8.—Bozeman is entertaining the remainder of this week the sixth annual convention of the Montana Federation of Women's clubs. The arrivals today included delegates and visitors from all parts of the state and every indication pointed to a record-breaking attendance. Among the cities well represented are Helena, Missoula, Kalispell, Anaconda, Billings, Livingston and Great Falls.

INDIANA SUNDAY

SCHOOL WORKERS

St. Wayne, Ind., June 8.—With Sunday school workers present from all over the state, the forty-seventh annual convention of the Indiana Sunday School association met here today for a three days' session. Subjects of great interest to those engaged in Sunday school work will be taken up and discussed by such well known experts as Marion Lawrence of Chicago, M. S. Littlefield, of New York, Rev. Cornelius Woodfin of Rochester, and Miss Elizabeth Kilpatrick, of Cornish, Miss. The music of the convention is in charge of Prof. E. O. Excell of Chicago.

GALT HORSE SHOW OPENS

Galt, Ont., June 8.—The annual exhibition of the Galt Horse Show association had an auspicious opening today. Many noted show horses representing prominent stables of Canada and the United States are entered in the various classes.

CHERRIES FREE TO ALL COMERS

San Leandro, Cal., June 8.—Thousands of boxes of luscious cherries are ready for free distribution to all visitors to the annual San Leandro cherry carnival, which is to open tomorrow and continue over Saturday. In addition to the giving away of the fruit there will be numerous other features to attract visitors and it is expected a record-breaking crowd will be on hand during the two days' festivities. An illumination of the city and a grand ball will usher in the carnival tomorrow night. The king and queen of the carnival will be crowned Saturday morning and the remainder of the day and evening will be given over to floral parades and merry game revs.

DETROIT BOARD OF TRADE

Detroit, Mich., June 8.—Reciprocity with Canada was the slogan of 600 excursionists who left Detroit on the steamer City of Cleveland this afternoon on the annual cruise of the Detroit board of trade.

Military Point Cooking Lake

Well, where did you get the game, some of our friends ask.

Well, this is the spot where the Hundred and First Regiment made their camp last year. They had a good time. They selected the place because the land was high and dry, the beach good and the distance from the station short; plenty of good shade trees and a score of other qualifications. So the owner of the property did them the honor to name the subdivision "Military Point."

Lots are selling at Military Point for the very reasons above mentioned.

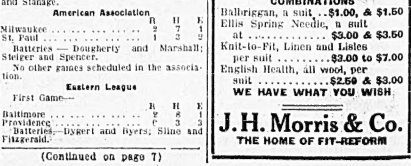

There will be special train service all summer long. The rate is to be 90c. for the week-end.

The price of lots is
\$150.00 to \$200.00
and low terms are easy.

REAL ESTATE BULLETIN

In business properties, Jasper Avenue is still moving, and in further demand, some good sales pending at the moment.

There is also a little movement on First Street and Namay Avenue.

In residential lots, the usual West End sections are in fairly good demand, principally for immediate building purposes.

In houses, the West End from Fourth to Twenty-fifth streets, is seat of principal enquiry.

Large blocks of farm lands and lands close to city, suitable for subdivision, are also in demand.

Alberta Park

Have you priced the subdivision adjacent to the above suburb? If so, you will at once realize the advantage and profit to be gained by an early purchase of all you can afford of this property, which is so much below market value.

Investigate our statement and act accordingly.

Today's Offerings Business Properties

- A lot on Central Jasper Avenue, south side; per foot \$1800
- 3 1/2 feet on Jasper Avenue, east central; per foot \$1200
- 2 lots on Namay Avenue, Bk. 3, R. L. 10 \$17,500
- A lot on Fraser Avenue, Bk. 20, R. L. 10 \$1800

Residential Properties

- A 7-roomed modern house on 7th St., south of Jasper; on easy terms \$5500
- An 8-roomed modern house on 8th St., north of tracks \$4700

NEWS OF THE CITY.

J. Halstead, of Calgary, district freight agent for the C. P. R. is in Edmonton today.

W. E. Blachley, travelling passenger and freight agent for the Pennsylvania lines is a visitor in the city.

Action will be brought this afternoon by G. T. Buys an employee of Foley Welsh and Stewart for non-payment of wages.

A lawn social is being held this evening on the grounds on Syndicate avenue opposite the car barns by the young ladies circle of the Church of Immaculate Conception.

A general parade of the boy scouts of the city will be held this evening at 6 o'clock at the Queens avenue school grounds. If the uniforms are at hand, the boys who are going to the coronation will be inspected.

A man by the name of Zahn was let out on suspended sentence by Inspector Worsley. He was charged with having stolen some cooking utensils, the theft occurring several weeks ago in the case of Strathcona.

Winnipeg Russians are determined to fight to the last for Fredericks, and in the case to the private council if necessary to keep the Car from getting his hands on the political refugee who has been fighting for his liberty for some time.

The decomposed body of a man was found in the Red Deer river yesterday and buried at the expense of the town. From papers in his pockets it is believed the man was Phillip Bourgeois, who was drowned while crossing the ice during the winter.

"Red" Ryan, Alberta cattle rustler, who stabbed a man in Montana a few days ago, is still at large, but the police are reported to be hot on his trail. The settlers in the country are protesting the outrage and his capture will be a difficult problem.

Rev. W. J. Condy gave an illustrated lecture in Odd Fellow hall last night. He reviewed the history of the Orange order, showing that since its organization in 1795 the order has grown to a membership of 5,000,000. Mr. Condy is county master of the Orangemen.

Prof. Edward and J. L. Brown addressed the meeting of the Poultry association Tuesday evening. They are county champions in the Dominion Poultry association and are arousing considerable interest in the work undertaken.

After paying a visit to their son, A. O. Whitemore, secretary of the Edmonton builders' exchange, Rev. J. Whitemore and Mrs. Whitemore of Fredericks, N.B., left yesterday for Hamilton, Montana. They will return to New Brunswick about the middle of July.

A police court yesterday afternoon Edwin H. Davis was sentenced to three months' hard labor at Fort Saskatchewan on the charge of obtaining money under false representations in connection with promotion schemes in which a number of local people were victims.

Large mart deposits have been found on the farm of A. Paton, 4 miles from the limits in Section 34, Twp. 22, Range 25. These deposits have been tested by experts in Edmonton and samples of the mart have been sent to the old country where favorable reports have been made upon them.

The coronation committee has arranged with the railroads for reduced rates from all points within 200 miles of Edmonton for coronation day. The railroads have granted a special round trip rate of 1-1-3 and tickets may be purchased on June 21 or 22, and are returnable on June 23.

Judging from the number of drinks that have been on the police docket for the past few days it looks as though another epidemic of drunkenness has struck Edmonton. Yesterday there were eight stummers in the cells and today there are nine. They are rounded up from all corners of the town some of them for fighting while drunk and some for being merely drunk and disorderly.

The management of the Mission hospital are contemplating the erection of \$200,000 addition to the present structure this season. The new building should be ready for occupancy some time this fall. Funds are being raised by subscription and when the building is finished, the hospital will have a letter to Lord Strathcona asking him to donate \$25,000 towards the building.

N. H. Lisonbe, who is a visitor in Edmonton for a few days from Mandan, North Dakota, is very favorably impressed with crop prospects in Alberta. He believes the yield will be the largest in the history of the province, the area between Lethbridge and Edmonton looking especially promising. Mr. Lisonbe says that everything planted seems farther advanced in Canada at this time than he has ever seen it before and this is his eighth annual visit to the dominion.

The body of an unidentified man which was found lying about six feet from the edge of the Saskatchewan river, 10 miles from Edmonton, was so badly decomposed that Governor Peck, who went to the spot, accompanied by two members of the mounted police, yesterday had to bound where it was found. The coroner was unable to find any means of identification. The man was apparently 60 years of age and was a grey whistler.

Investigations of the coal basins in the vicinity of the G. T. P. and Yellowhead Pass will be continued by B. Dowling of the geological survey during the coming summer. He has spent several seasons in the mountains west of Edmonton and has made a number of interesting reports on the place. Outside of coal, he says that indications are not very promising for minerals on the eastern slope.

The Presbyterians of Edmonton will receive the active assistance and cooperation of the Methodists in the event that they secure the meeting of the general assembly here next year. The board of management of McMichael Methodist church has pledged all this. The board of Alberta colleges has also offered the use of their building should the big convention come to Edmonton in 1912.

Brides of the Hour

Ernan-Phillips
The marriage of Frank Ernan and Miss Adela Phillips was solemnized last evening at the home of the bride's parents on Fraser boulevard, Rev. J. E. Hughes officiating. Mr. and Mrs. Ernan will take up their residence in Norwood.

SETTLING PRICE OF LAND
NEAR HIGH LEVEL BRIDGE
Judge Taylor Acting as Arbitrator in Dispute Between Pollard Bros. and C. P. R.

Arbitration proceedings to determine the price to be paid by the Canadian Pacific railway company as compensation to Pollard Bros., owners of three acres of land required for the purposes of the high level bridge in Strathcona, opened before Judge Taylor in Strathcona today. The sum of \$5000 was offered by the railway as compensation to the quarry company for the granting of the right of way, but this offer was turned down. Judge Taylor being appointed sole arbitrator in the case, and H. Hyndman and H. H. Davidson, Hyndman and Davidson are appearing for the C. P. R., and James C. Rutherford and James C. Rutherford are appearing for the Pollard Bros. The case is continued this afternoon.

LICENSE DEPARTMENT CHANGES
With the exception of one or two officials, there has been a complete change in the staff for the license department of the provincial government since the new license inspector, A. C. Lacey, was appointed. Detectives Rauld and Hodgins are the only officials who have remained from the old regime.

Yesterday the resignation of John A. Parley, who has been in charge of the Calgary district for the past three years, was received by the department, and the resignation of Jack Lee, inspector of the license department at Edmonton, has also been sent in. Mr. Lee is at present absent from the city. A rumor that Detective Hodgins has resigned was not confirmed by enquiry in the license department this morning.

About a dozen men all told have either resigned or been discharged during the last few months.

LABORERS BOUND WEST

Bound for the construction camps of the C. P. R. are 150 laborers who were brought here from Winnipeg are in the city today. They will be taken to New Brunswick about the middle of July.

The train will be run out over the C. P. R. to Wabamun this afternoon and from there the men will go north to the C. N. R. lines where they have been engaged to work on the grade.

COMMISSION MEETING TODAY
The city commissioners will hold an adjourned meeting this afternoon to work on unfinished business. Among other matters, leaders will be opened for slakers to be used in feeding the power house furnace, it having been decided to supply the present method of handling coal by hand with up-to-date machine stokers.

BUILDING PERMITS

Building permits were issued from the office of the city building inspector yesterday afternoon and this morning as follows:

J. F. Crook, house on Twenty-sixth street, \$1,000; Harkin and Hart, alteration, McMichael avenue, \$45; R. B. Watt, store, First street, \$2,000; C. W. Hyslop, garage, Villa avenue, \$500; A. Laur, house, Otter street, \$200; J. A. Burgess, alterations, Namay avenue, \$200; F. Lunniell, house, Agnes street, \$1,500.

PACKING COMPANY TO BUILD LARGE ADDITION

A seven-story addition to the Swift Canadian Company's packing plant at North Edmonton is to be erected this summer. Excavation for the foundation of the building was commenced yesterday. It will be 52 feet in width by 126 feet long and when completed the packing plant will be about twice its present size. The addition will cost approximately \$100,000. It is expected that the lower three stories of the new part will be ready for use by October 1. The upper part of the building will not be completed this year.

SAW ADVERTISEMENT IN LONDON DAILY TIMES

British Capitalists Writes to Secretary Board of Trade for Information

That remarkably prompt results may be obtained from judicious newspaper advertising is demonstrated very forcibly by the little incident in connection with the advertisement of the Edmonton board of trade in the Empire newspaper, which was issued on May 24. In the mail yesterday from a British capitalist asking advice in connection with the advertisement in the Edmonton district.

He had seen the advertisement in the London Times, and said:

It is rumored that E. H. Riley, ex-M. P. for Gleichen, will be a candidate at the bye-election to fill the vacancy in the local legislature caused by the death of A. J. McArthur. Harry Scott, of Gleichen, will in all probability be the government candidate. It is improbable that the bye-election will be held until late in the fall.

N. V. Kirkpatrick, operating inspector of the C. N. R. at Winnipeg is in Edmonton today a guest at the King Edward hotel. Mr. Kirkpatrick was formerly chief clerk in the city of St. Louis, and has been next in the line of promotion to the position of chief clerk in the city of St. Louis.

The suggestion of Chester McMichael to have managements at the park in several places which had been referred to the council by the commissioners, was left in the hands of Commissioners Agar and Gandy.

BIG MINSTREL SHOW TONIGHT

Tonight at the Lyceum theatre, Sherman and Cleveland's Merrygrams will be seen in an up-to-the-minute minstrel production. Manager Cleveland has had so many requests for another good minstrel that he decided to present one the last three days of this week. This one, however, will be entirely different from the first in every respect. There will be monologues, songs, dances, a ten-minute sketch, and other specialties of various kinds.

The entire company will do the burnt cork and evening dress, including the chorus of ten dancing girls, who will be called upon to do some fancy stepping as well as lots of singing.

Manager Cleveland states that the wardrobe and scenery has been built up for the production, and that this will be his best effort in minstrel.

Building Inspector Drabble applied to the commissioners for an increase in the rates for the production, and that this will be his best effort in minstrel.

BANK CLEARINGS
Edmonton's bank clearings for the week ending today are \$2,125,758. For the corresponding week in 1910 they were \$1,225,751. The bank clearings for last week were \$2,177,873.

TWENTY-TWO INJURED

Leize, Belgium, June 8.—Twenty-two persons were injured today when a street car ran into a passenger train at the railway station at Angleur, three miles east of this city.

BAND CONCERT

A band concert and ice cream social, under the auspices of Norwood Methodist church, will be held at the corner of Alberta avenue and Kirkness street, Norwood, Friday evening, June 9th. Coffee, sandwiches and cake will also be served during the evening. If weather is unfavorable, social will be held in vacant store.

Mr. and Mrs. Beauchamp and Miss Beauchamp, left the city this morning on a tour of the Pacific coast.
